Dear customer,

From July 2017, we are switching from Peugeot 'Authorised Repairers' to 'Eurorepar' which is Peugeot's new nationwide parts, servicing and repairs brand for all makes of car, enhancing our parts and technical support for 'all makes'.

Although this means we are no longer able to carry out warranty repairs on site for Peugeot's under 3 years old, our experienced Technicians will continue to have access to Peugeot training programs and will continue to carry out servicing diagnostics and repairs to all Peugeot vehicles.

We will also continue to supply genuine Peugeot spare parts directly from a Peugeot parts hub as well as the full range of 'Eurorepar' all makes spare parts including exhausts batteries and tyres.

As well as this we will continue to offer specialist services such as air-con servicing plus our in-house body repairs services, and of course MOTs for all cars, vans and motorcycles.

We are pleased to maintain our association of over 30 years with Peugeot through the Eurorepar brand and hope to meet your future needs.

We would also like to take this opportunity to thank you for your ongoing business and support.

Nathan Culley

Car service and sales manager.
